

Miniature Butter Churn

Cut out barrel pattern and glue or tape around an empty yogurt tub.

Measure up from bottom of a 12 oz. paper or plastic cup 1/4-inch and then cut around cup to make a lid. Cut out lid pattern and glue or tape to lid.

Use a wooden skewer or chop stick for plunger handle. For plunger use a lid from a plastic film case. Cut a small "x" in the film lid. Put plunger handle through "x" (it should be a snug fit). Put plunger through hole in top of lid.
