Fruit Leather Children

2 (29 oz.) can peaches

1 banana

Drain peaches. Puree peaches in blender. Pour into 2 jelly roll pans that have been lined with plastic wrap. To prevent plastic wrap from falling into fruit mixture, wet sides of pan before lining. Bake at 170 degrees F. for 4-5 hours or until surface feels leathery. Let cool completely. Cut into 3 x 9 inch strips. Remove plastic wrap. (For a faster alternative, use commercially available fruit rolls.)

Treat Time: For each family member, fold strips accordion style into 1.5 x 3 inch folds. Cut out “Fruit Leather Children” by placing pattern with the back on the solid folded side and the front on the side with the two open ends. Cut along dotted lines with kitchen shears. Carefully unfold. If fruit leather tears while unfolding you can press it back together again.

Closing Prayer and blessing on the food.
